DATE: 19 May 1952

FROM : N. H. H.

SUBJECT: Request from John Mitchell

25X1A

1. [REDACTED] tells us that Mr. Wisner had a call today from John Mitchell, who has a problem. He receives a large number of letters in German. He needs some help in translation, but has State working on one project for him and another department on another.

2. Mitchell wants scanning translations of the letters so that he can write individual replies to each. He wants the highlights of the main topic. Anything "hot", however, he needs translated in full. He wants us to furnish the labor.

3. Mr. Wisner feels that this is something he can't handle. He feels that Mitchell may pull this into the domestic political situation. He requests that you call Mitchell, referring to Mitchell's call to Wisner. Will you carry on?
